

## Texoma Patriots - January 2021 Newsletter

A very happy new year to all our members and interested supporters!

Our first meeting of 2021 is Tuesday, **January 26th**, at 7 p.m.

We are back at **Buck Snort BBQ**, 224 E. Jefferson St, in Van Alstyne, TX

Our speaker is **Rebekah Warwick**, Heritage Action Central Regional Coordinator

We have invited Rebekah to talk to us about the following topics that are extremely important to us today:

- Cancel Culture
- Back the Blue
- Grassroots Organizing

As a Heritage Action Sentinel, I have been working with Rebekah for several years. Heritage Action Sentinels are a sister organization to the Heritage Foundation.

We all know and have experienced the fact that too often our lawmakers get elected and forget about the conservative principles their constituents elected them to uphold. The Sentinel program was created to be the top of the spear in the fight to achieve conservative victories in Washington.

We need your voice now more than ever since conservative values are under attack, and we can no longer be the silent majority. You can be a grassroots advocate for conservatism in your community. Join us on the 26th and together let's learn how!

Come early if you would like to eat before the meeting; Jim will have the buffet line open for us. Everyone is welcome. There is no charge to attend our meetings or to join the Texoma Patriots.

### **Reserve the date Thursday, February 11, for our next meeting.**

We have scheduled a great team of **Tamara Colbert** and **Paul Hodson** to come talk to us about their project to get grassroots conservatives down to Austin during the legislative session. They will also speak about next steps following the steal and what is going on this legislative session. The day they were at the Capitol in Austin, there were almost 500 DPS troops roaming inside and outside the Capitol in full riot gear. Way over the top! They will share what they learned from talking with legislators and policy directors and how it fits into this year's session operating differently. Location to be announced soon.

### **The 87th Texas Legislative Session:**

The session is underway. To follow when the House and Senate are in session, click the link <https://capitol.texas.gov>. By clicking that link, you will also be able to see legislation that is filed, members, and committee assignments. The House and Senate are both set to gavel back in on January 26th.
